Our Mission

To be the brand of choice, need and convenience. Providing the thought out, relevant products and services in an effort to be one of the profitable research and relationship building companies in the region.

Our Vision

to be first choice brand to seek in terms of providing high quality and delivery of goods to our clients in an expected time.

Our Values

Innovative
Simplicity
Unique
Customer Centric
Accountability
Dynamic

Background Information

Our Story

Neat Solutions PTY LTD is wholly citizen-owned company duly incorporated under, and in accordance with the company laws of Botswana. The company specializes in manufacturing of cleaning chemicals and supplies of quality hygiene and cleaning materials.

As an independent company, Neat Solutions is constantly researching on products and services that suit the changing needs of consumers. With a high level of technical knowledge, we research changes in lifestyle, demographics and products and services that will satisfy a need, not a want.

During this pandemic the company has been involved in the provision of essential services such as supply of cleaning detergents, hand sanitizers and surface disinfectants. The disinfectants are certified to kill germs and ensure a safe and clean working environment.

Our Value Proposition

The management of Neat Solutions PTY LTD believes a clean hygienic environment can attract customers and provide a pleasant environment for doing business. Neat Solutions seek to partner with clients by providing one stop solution to all cleaning and sanitary needs of staff and patrons of any establishment.

Management seeks to take the hassle of procuring cleaning materials from different places by providing one - stop solutions of all hygienic solutions to suit client needs, thus freeing up their time to focus on building their core business.

*Welcome to
Neat Solutions*
